FOREMAN URGES FIGHT ON BOOZE

LIQUOR INTEREST ATTEMPTING TO STAGE A "COME BACK"

CALLS WETS BOLSHEVISTS

St. Louis Minister and Editor Flays Methods of Liquor Men; "Fight Not Over Yet," He Says.

Dr. W. S. Foreman of St. Louis, editor of the American Issue, the national prohibition publication, and one of the leading workers in the Anti-Saloon League, spoke in the interest of the fight against the liquor traffic, at the First Methodist church yesterday morn

Dr. Foreman called particular attention to the necessity for a continuance of the fight on John Barleycorn, and stated that the present time is the most critical in the great fight. "The liquor interests are waging a great campaign to "come back" he said, "and now is no time for us to lie back and rest on our laurels. We have made a great step toward our goal, but we have not completely attained it yet, and we must not feel that we have won the fight until the enemy is completely crushed."

Dr. Foreman then spoke of the effort which is being made by the liquor men to defy the laws of the United States and return the country to a "wet" basis. "After the constitutional amendment was passed and the country went dry July 1," said the speaker, "the anti-prohibitionists got busy and employed some of the best lawyers in the country to test it out. These lawyers, headed by Elihu Root have advised their clients to go ahead and defy the laws by manufacturing liquor, and are doing all in their power to show the people that the laws of the United States are a scrap of paper and of no consequence."

In speaking of the methods employed by the "wets" in the fight against prohibition, Dr. Foreman characterized them as "bolshevists." He told how an attempt was made to arouse strikes and labor trouble in this country through the "no beer, no work" pledge, and how the liquor men hoped to gain through disorder and anarchy what they had lost through the legal and orderly channels of the laws of the land.

Dr. Foreman stated that one of the greatest hopes of the "wets" had been in the soldiers overseas, and how they had attempted to spread propaganda which would lead the American soldiers to believe that they had been imposed upon by the folks at home during their absence.

Throughout his talk, Dr. Foreman, laid special emphasis on the fact that the effort of every man, woman and child who stands for the principles of Christianity and the church is needed at this time to bring about a clean-cut and lasting victory for prohibition.

"WHERE, OH WHERE HAS MY LITTLE FORD GONE"--"SPUD"

A "New" Owner Takes Possession of Deputy Sheriff Atherton's Auto.

"What profiteth it a man to find the cars of other people if loseth his own" is the through that is running through the mind of Deputy Sheriff "Spud" Atherton.

Fate is cruel at times and often takes unexpected turns. To wit—"Spud" who has been instrumental in the finding of several stolen cars of late, rather specializing in that "department of criminology," drove his car up in front of the Elks club late Saturday night and went into the club rooms awhile. When he later came out and was preparing to drive away he found that he no longer had one, supposed that someone had played a joke upon him and walked on up town and waited for the "new" owner to come back. At last accounts Mr. Atherton was still waiting and it begins to look like another car had changed owners without the consent of the party of the first part.

Mrs. Bailey Undergoes Operation.

Mrs. Vinnie Bailey, cashier at Reuillard's, was taken to St. Francis hospital yesterday, and this morning underwent an operation for appendicitis. The operation was successful and she is doing nicely.

A number of other prominent speakers will be secured for this picnic. Efforts are being made to secure the Rev. R. E. Snodgrass and Dr. G. S. Cox of Maryville, Prosecuting Attorney Charles F. McCaffrey, and L. C. Gabbert of St. Joseph.

Work will start soon on putting the picnic grounds in shape. It is located just west of Barnard.

EDWIN E. THOMAS FUNERAL HELD YESTERDAY AFTERNOON

Rev. R. E. Snodgrass in Charge; Selections by Male Quartette.

Funeral services for Edwin E. Thomas, who died about 10 o'clock Saturday night after a lingering illness, were held at 4:30 o'clock yesterday afternoon at the home of a brother, Roland E. Thomas, on East Halsey street. The services were conducted by Rev. R. E. Snodgrass of the Christion church, and two musical selections, "Wandering Down," and "My Faith Looks Up to You," were given by a quartette composed of Rev. Snodgrass, W. E. Goforth, Hal Catterson and Mr. Chapman.

Mr. Thomas was born in Knox county, Illinois, in 1853, and was 66 years, 7 months and 10 days old. He moved to Maryville in the fall of 1883, and after the death of his parents, he made his home with his brother and family in this city. He is survived by Mr. Thomas and a sister, Mrs. F. Jordon of Hydro, Okla.

MAY CONVERT COUNTY LICENSE

With Return of County License and Payment of $1.50, Legal Permission Is Granted to Hunt and Fish Anywhere in State.

Holders of county fishing and hunting licenses may now receive credit on the same toward state licenses, it was announced by County Clerk Fred Smith this morning. At the present time 327 county licenses have been issued at a cost of $1 each.

According to the new ruling, the county licenses may be turned in, and with the payment of an additional $1.50, to make up the $2.50 cost of the state license, legal permission is granted to hunt or fish at any place in Missouri.

THE SAINTS GO INTO LEAD IN THE WESTERN LEAGUE

Before a Record Breaking Crowd of 7,000 St. Joe Defeats Oklahoma City Yesterday.

Before a deliriously howling mob of 7,000 fans the St. Joseph Saints defeated the Oklahoma City Indians in a twin bill at St. Joseph yesterday and went into the lead in the Western League race. The largest crowd that ever attended a ball game in the city was there to boost the home team to the top of the league. St. Joseph has made a great fight the last three weeks, coming from the bottom to the top.

The first game was a hotly played game, ending with a score of 3to2. Oklahoma City scored in the first and eighth innings while the Saints scored in the third, seventh, and eighth innings. "Mut" Williams, the star ST. Joe pitcher, pitched the first game and through the first six innings of the second game.

The second game was a heartrending affair for the fans. At the end of the sixth inning the score stood 6 to 2 in favor of the Oklahoma Indians. In the eighth inning the Saints got into their batting clothes and scored four runs, tying the score. In the ninth they came back with a another tally, won the game, and mounted to the top rung of the ladder.

NEBRASKA PRES. ADDRESSES UNION

TALKS TO DELEGATES OF THE F. E. C. U. A. SATURDAY AFTERNOON

HIS THEME CO-OPERATION

New Officers Elected at the Convention—Plans Discussed for Coming Year—Much Interest Shown.

The delegates representing the Nodaway county unit of the Farmers Educational and Cooperative Union of America held their regular quarterly convention in the court room last Saturday afternoon. The purpose of the meeting was to elect officers for the ensuing year and to discuss plans to further the interests of the organization. The feature of the afternoon's meeting was an address by C. H. Justas, president of the Nebraska union, and one of the best known leaders of the organization in the United States.

The theme of the address of Mr. Justas was cooperation. He spoke about the beginning of the union in Nebraska with its few members and the great union of today in that state, numbering 40,000 farmers or over one-half of the farmers of the state. He told of the wonderful progress of the movement in his state, of the 150 grain elevators, the many stores and cream stations, and of the stock exchange at Omaha which handled more stock than any commission firm in the Omaha exchange.

Mr. Justas described the causes which lead to the beginning of the Farmers Educational and Cooperative Union of America. The prime reason for the organization was due to the injustice with which the large corporations of the country were troting the farmer. The large corporations such as the International Harvester Company, Swift & Company, and other like big businesses controled the markets and regulated the prices to such an extent that the farmer were treated unfairly. For that reason the farmers organized themselves together for mutual protection like the labor unions have organized themselves to stand for their rights against the encroachments of capitalists.

"In the past the farmers have paid what they (the capatalists) asked and they (the capatalists) have paid what they pleased" in the dealings between the two. It is to change the unfairness of this situation that the Farmers Educational and Cooperative Union of America has set itself to do. The union has met with marked success in Nebraska. More than a hundred grain elevators and many stores and exchanges bear testimony to that fact. The prices for implements and other necessities for work on the farm have been materially reduced in Nebraska. We can sell our stock through our exchange in Omaha and get bigger returns and pay less commission than we ever could before."

Mr. Justas cited the instance of an elevator near his home that paid a return to the stockholders last year of $45,000. "In no business enterprise in which the union members have entered in the state of Nebraska have they failed," he said.

"The farmers union does not mix in politics or secretarian religion for as soon as any organization mixes up in such affairs it starts on the way to its destruction," stated Mr. Justas.

"The union does not mean to hurt the business of the local merchant as long as such merchant treats the farmer on the square. However, if the merchant does not treat the farmer as he should be treated then the thing to do is to organize a store of our own. Such a store is organized on the patronage dividend plan, that is, the dividends which the stockholders, in other words the farmers, receive is based up on the volume of business that each one does with the store. That is the cardinal principal upon which all our businesses are run."

The Nebraska union has established an exchange in St. Joseph, similar to the one in Omaha. Any farmer, a member of the union in any adjoining state, is privileged to send his stock to St. Joseph where it will be handled and the same returns will be come back to the farmer as if he were a member of the Nebraska union. The farmers of this county, were particularly invited to send their stock to the Nebraska union exchange in St. Joseph.

In concluding his speech Mr. Justas

MRS. MARY JONES A VICTIM OF PNEUMONIA

Widow of Late Rev. J. L. Jones Died Yesterday Morning at Home of Son, Alfred Jones.

Mrs. Mary Jones, widow of the late Rev. J. L. Jones, died at 10:30 o'clock yesterday morning at the home of her son, Alfred Jones, about nine miles south of Maryville. She had been ill since last fall and the immediate case of death was pneumonia. Surviving her are five children, two daughters, Mrs. W. M. Westbrook of Marshall, Mo., and Mrs. George Greeson of Graham, and three sons, Alfred and Raymond Jones, both living near Maryville, and Oliver Jones, living in California. Three sisters, Mrs. J. W. Herren of Maryville, Mrs. Lewis Jones of Enid, Okla., and Mrs. George Lorence of Des Moines, Ia., and three brothers, Henry Toel of Conception Junction, George Toel of St. Joseph, and W. J. Toel of this city, also survive. Rev. Jones died several years ago at his home in this city.

Funeral services will be held at 2:30 o'clock tomorrow afternoon at the Baptist church, conducted by the pastor, Rev. W. C. Ferguson. Interment will be in Miriam cemetery by the side of her husband. The children living at a distance are all here for the funeral excepting one, Oliver Jones, who returned to his home in California a week or two ago after visiting his mother.

FRANCE HONORS ALLIED HEROES

20,000 TROOPS, LED BY WAR CHIEFS, PARADE THROUGH PARIS STREETS.

SILENT HONOR FOR DEAD

Hold Death Vigil Beneath Arch de Triumph—General Pershing Leads American Contingent.

Paris, July 14.—Twenty thousand Allied soldiers paraded before the eyes of more than a million spectators who saw the great victory parade here today.

Leading them on horseback was Marshall Foch, directing genius of the allied success on the field of battle. Beside him rode Marshall Joffre, hero of the first battle of the Marne, and riding at the head of the various contingents came Generals Pershing, Haig, Petain, Diaz, Castelau, and other great chiefs. The troops marched in alphabetical order, which brought the Americans, lead by Gen. Pershing, immediately behind Generals Foch and Joffre. For two hours they swung through a double living wall, four miles long, with cheers rising in one unending roar. Before the rejoicing began today, France paid a tribute to her more than million allied dead, in the most mournful ceremony in the history of the Republic. The death vigil took place beneath the Arc de Triumph, where a huge tomb of the war was built on a raised platform sprinkled with the soil of many battlefields.

An all night picket of honor stood watching with armes reversed, while the multitude of people, thousands weeping, filed beneath the arch before the sepulchral monument, in silence to the fallen heroes.

A BUSY DAY ON DIVORCE MARKET

FRED A. REEDER, HOPKINS, AND HARVEY DAVIDSON, THIS CITY, ASK LEGAL SEPARATION

A CHARGE OF ADULTERY

Claims Wife Committed Wrongs in Kansas City; Separation Cause of Davidson Suit; Cases up at September Term.

Today was a busy one on the divorce market, two petitions for a severance of the bonds of matrimony being received by Circuit Clerk Westfall. Fred A. Reeder of Hopkins, was the plaintiff in the first case against his wife, Lauretta B. Reeder, and the second suit was filed by Harvey E. Davidson of this city with Cleo D. Davidson as defendant.

Reeder states in his suit that he was married to the defendant on Aug. 29, 1912 at Hopkins, and that three children have been born to the union, Naomi, 6 years old, Fred A, 5, and Thomas J., 4. He charges that his wife committed adultery on several occasions at various rooming houses and hotels in Kansas City. In his suit he asks full custody of the children.

In the Davidson case, the plaintiff states that the marriage took place on Sept. 15, 1917. It is alleged that the defendant left her husband in May 1918, and since that time has refused to live with him.

Both cases will come up for trial at the September term of the Circuit Court.

WORK OF I. W. W. SHOWING THRU KANSAS COUNTIES

Increased Number of Fires During Past Two Days; Apprehension Among Farmers.

Topeka, July 14.—Edwards and Ford counties are feeling the cloven hoof of incendarism, and the reports of the fires within the past two days have caused much apprehension among the farmers of the district, according the farmers of the district, according to word received by the state fire marshall. Several oats ricks, fired near Spearville in Edwards county, indicate the work of the I. W. W. Four of the other fires occurred near Kinsley and near Houston in Ford county. No details of the damages have been received.

A STOLEN CAR IDENTIFIED

Omaha Man Claimed Seven-Passenger Buick as His Car.

A seven-passenger Buick car which was held at Sewell's garage for a few days last week was identified Saturday by George B. Campbell of Omaha as his car. This car was stolen at Omaha on the night of June 30. Campbell was accompanied to Maryville by A. C. Anderson of the police department of Omaha.

The authorities here were attracted to the car and after an investigation found that all of the numbers had been chiseled out. Harry Coad, a school man of Bushing Head, Okla., was driving the car, having bought it at Omaha, giving in the deal a Chalmers car. Coad was entirely innocent of it being a stolen car and permitted the authorities here to hold the car for several days while they were trying to get trace whether it was a stolen car.

A insurance adjustor from Omaha came for the car Saturday night and returned to Omaha with the car Sunday. Coad left Saturday evening on the train for his home in Oklahoma.

BRITISH BLIMP IS SAFELY HOME

GIANT AIRSHIP COMPLETES ROUND TRIP AT 6:56 YESTERDAY MORNING

BEING OVERHAULED NOW

Dirigible Will Leave Within Two Days for Base at East Fortune, Scotland. Hope for International Air Mail Service.

Pulham, England, July 14.—A force of two hundred workmen were today at overhauling the British dirigible R-34, in preparation for her flight to her base at East Fortune, Scotland. It is expected to take the air in two days.

Pulham, Norfolk, England, July 14.—Great Britain's mamoth trans-Atlantic air pioneer, the dirigible R-34, arrived at the air station here at 6:56 o'clock Greenwich mean time yesterday, completing her round trip from the British Isles to the United States and return.

The R-34 pointed her nose out of the clouds northeast of the village, and after circling the flying field three times glided gently to the ground, and ten minutes later was housed in the dirigible shed. The voyage from Long Island was without particular incident, and was completed in approximately 75 hours.

The log says that after an extremely good "get-away" New York looked wonderful at midnight and was a veritable fairyland of twinkling lights. The searchlights at first made a very unsuccessful search "but finally got us fair and square."

At a distance of two thousand feet above New York the air was disturbed partly because of the heat arising from the city and partly because of an approaching cyclone from the Great Lakes. The airship was very steady under the circumstances.

By 9:15 o'clock Thursday morning the dirigible had covered 430 miles from New York. The mail was then sorted. It included letters for King George, the British foreign office, other governmental departments and a number of newspapers, the log adding:

"We hope this journey will prove the fastest newspaper delivery between New York and London yet accomplished and will be the forerunner of a regular interchange of mail between the East and the West."

John K. Walker of Los Angeles, Cal., who has been the guest of Judge J. H. Sayler, and family, left this morning for his home.

MEMBER MISSOURI PRESS ASSOCIATION

JOURNALISM SCHOOL TWELVE YEARS OLD.

An Institution at University of Missouri Is Oldest in the World.

Columbia, July 14.—The School of Journalism of the University of Missouri will begin its twelfth year with the opening of the fall term September 1. It is the oldest school of its kind in the world and its fame has spread to foreign lands.

Students from this school are employed on newspapers not only in the United States, but in Canada, China, Japan, Cuba, the Philippines, and other countries. Since its modest beginning almost twelve years ago, this school has grown rapidly and attained widespread fame on account of the excellence of the training it offers in journalism. Every years calls come for its graduates to fill positions in advertising and editorial work and as teachers in other schools of journalism.

Training in the School of Journalism is given in both editorial and business conduct of newspapers. Lectures and classroom work are supplemented by actual practice on The Evening Missourian, which serves as a laboratory of the school. Students in some classes write news and feature stories dealing with the University community and with the city of Columbia; students in other classes edit these stories and write the headlines, handling also the same telegraph copy as is furnished newspapers in other cities the size of Columbia; students in other classes write the editorials and discuss questions of editorial policy.

Similarly, students in advertising classes study Columbia business firms, write advertisements to fit the needs of these firms, and sell the advertising space. All this work is done under the active direction of professional faculty composed of experienced newspaper and advertising workers. A bulletin giving in detail the courses offered in this school has just been issued by the University.

Damage Suit Attorneys Are Endeavoring to Delay Enforcement of Compensation Law.

(By Means Ray.)

The props have been knocked from under the movement to delay enforcement of the Workmen's Compensation since it became known that personal injury or damage suit attorneys of the state have been furnishing some of the funds to pay for securing signatures to the referendum petitions which are being circulated. For a time labor leaders in the Building trades were all back of the movement to refer the law under the referendum provision of the constitution but when the interest of the damage suit attorneys became apparent many of the leaders withdrew from the movement.

Rube Woods, president of the State Federation of Labor, is strong in his opposition to delaying the operation of the law.

The State Highway Department has been informed by the Federal government that a fourth allotment of trucks has been made to Missouri. The trucks will be for use on roads where state and federal aid is extneded. At the close of the war the government had many trucks which are being distributed for use in road construction. Missouri's allotment now totals 715 light and heavy trucks.

Attorney General Frank W. McAllister and Insurance Superintendent A. L. Harty are resisting every effort of the fire insurance companies operating in the state to increase their rates in the state by the addition of a ten per cent surcharge. The companies were successful in securing the increased charge in many states but Missouri officials refused to permit it and the case was taken to the courts where Attorney General McAllister and his Assistant John T. Gose successfully opposed it. Insurance companies, it is said, will take the case to the supreme court of the United States. Messrs. Harty and McAllister say they will follow with the fight for purchasers of fire insurance in the state.

Because of the war and epidemic of influenza the life insurance companies of the country have announced an increase of 10% in rates. Some companies make a flat raise of $2 on all men and $3 on women. The increase will not affect old policies. The state has no control over life insurance rates.

Auditor George Hackmann has refused to pay the salary of Representative Charles U. Becker, of Polk county, Republican, as a clerk in the Highway Department. The Auditor refuses to do so on the ground that Becker as a member of the legislature can't hold a state office. There was quite a little laughing here over this matter when the matter was referred. Heretofore Hackmann has sought legal advice from a Republican attorney in St. Louis and has ignored the Attorney General who is legal advisor for all state officers and departments.

Republican members of the Statute Revision committee are hearing from the people of the state over the stand some of them have taken against the League of Nations. Members of their party seem to favor the plan of world peace as much as do the Democrats and if sentiment does not change a shift of Republican leaders in the state is expected. The feeling among the people generally is that the League will go a long way toward righting the wrongs which have heretofore existed throughout the world.

Superintendent Harty of the insurance department will publish a monthly bulletin in a fight against fire loss in the state. The publication will be edited by B. Ray Franklin, a well-known Missouri newspaper man.

DR. F. M. MARTIN RETURNS HOME

Dr. F. M. Martin has returned from a six weeks trip through the South and West. Dr. Martin left here early in June, going first to Oklahoma City and Sayre, Oklahoma. At Sayre, he visited his brother, J. C. Martin, a few days. From there he went to Norman, Okla., and visited several days at the home of Prof. J. B. Hale, formerly connected with the State Teachers College here.

While in Oklahoma City Dr. Martin was shown through the Sisters Hospital there. The Sisters Hispital of Oklahoma City was founded by Sister Augustine of Maryville and the hospital has twenty nurses which were trained in the St. Francis hospital here.

From Oklahoma City Dr. Martin went to the coast, visiting in Los Angeles, San Diego, California. At Los Angeles he visited his daughter, Mrs. Phil R. Smiley and at San Diego he was the guest of S. R. Beach, former Maryville postmaster, and Mr. and Mrs. L. N. Craig.

In Los Angeles Dr. Martin met W. W. Jones of this city and they traveled together for awhile. They went to Portland, Seattle and Spokane. At Spokane Dr. Martin visited at the home of Mrs. Martin's brother, Atty. L. L. Westfall.

The party returned thorugh Montana, Wyoming and Colorado, stopping en ruote at Cody, Wyoming to see Mr. R. C. Hargrave. Dr. Martin states that the crops in Montana and Wyoming are a failure this year as well as last but that in Colorado, Nebraska and Kansas they are good.

ONLY MEMORY OF TROUBLES LEFT

Mrs. Williams Health Restored By Tanlac—Had Suffered 12 Years.

"About all that is left of my many years suffering is the memory of it," said Mrs. Joe Williams, who resides at 907 First ave., Peoria, in relating her experience with Tanlac, recently.

"If I could only have had Tanlac twelve years ago," continued Mrs. Williams, "I would have been saved a world of suffering and many a dollar besides. All of that time was just one unbroken period of misery for me and I had almost despaired of ever getting well. Sometimes I was almost frantic with pains in my back. I could hardly stand for my clothes to touch me and I couldn't stoop over and straighten up without just suffering agony. I simply haven't words to tell how badly I did suffer, not only with my back, but also from stomach trouble. I would have frequent attacks of acute indigestion, which would leave me in such a weak, exhausted condition that I couldn't get out of bed for days. I could not eat anything but what a sour gas would form on my stomach and cause the sharpest kinds of pains all through my chest. I often had dizzy spells when everything seemed to be spining around like a merry-go-round and I would turn so sick that I would have to lie down. It seemed to me that I hardly ate enough to keep soul and body together, and my nerves were so upset that I could hardly lift a cup of coffee to my mouth without spilling it. At night I was so restless that the town clock struck but few hours without me hearing it and I would get up in the mornings felling as badly as if I had not slept at all.

"Like anyone will, who is suffering, I tried many medicines but kept getting worse until I reached the point where life was a burden to me. But thanks to Tanlac, all my despondent, down-hearted feelings have disappeared and I am just like a new person, because I have been completely relieved of the troubles that made life miserable for me so long. I began using Tanlac through a friend, who told me it was the most wonderful medicine in the world. Well, I thought she was exaggerating, but I have found out by trying the medicine that everything, and more, she told me about it is true. It just seemed to be exactly what I needed and I had not taken it but a short time until I felt a very decided change in my condition. I soon got to where I could sleep like a child at night, get up in the mornings and prepare my husband's breakfast and eat heartily of it myself. My appetite is just fine now and I can eat anything I want without the least trouble afterwards. Neither my stomach nor my back trouble me now and I am feeling better in every way than I have in twelve years.'

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

HARVEST HANDS SPEND NIGHTS IN REST ROOMS

Ashland, Kan., July 14.—Not to be outdone by the city business men in making work comfortable for employes, Ashland has established a reading and rest room where the harvest hands are able to spend their evenings. The room has magazines and newspapers writing material and plenty of chairs and places to rest.

The room was established by the county agent, and the city is financing the project. A committee supervises the work, while they have a man on duty all the time to furnish information regarding jobs.

Nitric Acid Champagne.

Paris—Seven Paris tradesmen have been convicted of selling as champagne a mixture of ordinary white wine, nitric acid and sugar. They were sentenced to penalties ranging from a $600 fine and two years' imprisonment to a $20 fine and three months' imprisonment.

HOT SUN'S RAYS SET HIS JUMPERS ON FIRE

Kansas City, July 14.—Frank Robinson, a farmer of Oak Grove, Jackson County, while driving his binder in a wheat field, smelled smoke. He got down and examined the machine, but could find nothing wrong, and was about to drive on when he felt a painful sensation in his right arm. His clothing was afire.

Investigation showed that the oil which had soaked into his clothing had been set afire by the hot rays of the sun. No serious damage was done except to spoil a pair of jumpers.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Father Drinks—Gasoline.

'Tis ironing day at the home of a perfectly respectable Maryville banker. The basket is piled high with clothes and daughter offers to assist. Mother ressurrects a discarded gasoline-heated iron from the basment, fills it, and absentmindedly sets the glass containing a portion not used on a table. Father, the perfectly respectable banker, enters thirsty as thirsty can be. He picks up the glass, fills it with water and drinks to his heart's content. The discovery is soon made that Father has gulped down the unused gasoline and all milk and other emetics in the house are brought to the rescue. After so long a time Father cools off and departs for the bank, with pleadings from Mother and Daughter not to light a cigar for fear of serious results. Father listens to reason and still survives.

Department Exhibit at Swine Show.

The National Swine Show for 1919 will be held at Des Moines, Iowa, September 29 to October 4. This annual event is without doubt the most important one connected with the swine industry. At the 1918 show held at Cedar Rapids, Iowa, the United States Department of Agriculture made an exhibit of smoked meats. It is the intention of the department this year to make a much larger exhibit than it did in 1918. In addition to the showing of smoked meats, the methods of curing meats in different ways will be explained. The home curing of pork is one being studied by many farmers who have heretofore been in the habit of purchasing their meats from the local dealers.

Lighting the Trenches

During the recent war the world came into a full and complete understanding of the value of efficient and comprehensive organization on the part of big business.

One phase of the aid that the Standard Oil Company (Indiana) was able to render is interesting.

The U. S. Government called on the Company for candles, and in an incredibly short space of time the initial shipment was made.

In all, 285,000,000 candles were shipped from Whiting, Indiana, to France—about 85 candles for every man in the United States uniform.

The Standard Oil Company makes candles from the by-products of crude oil.

Besides serving a most useful and necessary purpose in themselves, the manufacture of candles enables the Company to keep down the manufacturing cost of gasoline, so that you may run your car without great expense for fuel.

This is only a single and minor phase of the part played by the Company in helping to win the war, but it serves to illustrate the usefulness of the Company as a public servant, and the benefits accruing to the world at large from Standard Oil Company (Indiana) operations.

COMETS LOSE 11 TO 10 GAME TO ST. JOE WESTABS

A Wild, Wierd Game; Cap Black Stars for Locals; Game Next Sunday with Agency, Mo., Nine.

Cap Black's Maryville Comets met their second defeat of the season yesterday afternoon at the Fair grounds park, when they lost a 11 to 10 game to the team of the Western Tablet company of St. Joseph.

The game was one of the wierdest that has ever been staged on the local diamond, and the large number of fans who braved the torried heat to see the show were kept on their toes by the series of freak plays, "blow-ups" by both teams, and general erratic playing.

The game opened with Bluell on the mound for the locals and the initial session passed without a run, by either side. In the first of the second, however, Maryville's balloon started to go up and a series of hits and bobbles by the local boys netted the visitors two runs. It was one, two, three, for the Comets in their half and when the third opened the balloon was higher than ever. The Tablet Makers fell to with a will, and when the smoke had cleared a big figure "6" decorated the St. Joe side of the score board. Bluell was relieved of his duties on the hill at this time and Conley took up the fight.

With the score standing 8 to 0 in the fourth, the Comets pulled themselves together and went out for gore. C. Black singled, and after stealing his way to second, scored on a pretty single by his brother H. Black. D. Collins then cracked out a single which scored H. Black, and scored himself when Tobin hit one over the left fielders head for one base. With two down, Vonarb, St. Joe third baseman, hid the ball in his shirt and caught Tobin off the bag.

In their half of the sixth the Comets garnered one more run bringing the count up to 8 to 4. In the opening of the seventh the Westabs found Conley for a bunch of hits which turned the kettle over again. Cap Black took the mound and Tobin went in behind the bat. The "blow-up" meant two more runs for St. Joseph, and the Maryville crew was getting desperate. With every man vowing that he would go in and "bust the ball," Maryville got three men on and two down. Cap Black stepped to the plate and met the first one with a clout that cleared the center fielders head by several feet. The hit was good for three bases and scored three runs. The Comets seemed to hit their stride in the last two innings and managed to garner three runs.

In the ninth Cap Black made a desperate effort to win his own game and connected with the pill for a home run, but the bases were unoccupied and the contest brought the total up to one below the St. Joe figure.

Throughout the game, argument and repartee between the players, spectators and "umps" kept the pot boiling

Next Sunday the Comets will play the Agency, Mo., nine at the same place and Black expects to arrange a game for the following Sunday with the St. Joseph Stockyards nine.

The line-up:

Maryville—P. Buhler, cf; H. Buhler 1b; C. Black, 3b; Phillips, ss; H. Black, c and p; R. Collins, rf; D. Collins, 2b; Tobin, lf; Bluell, p; Conley, p.

Westabs—Vonarb, 3b; Schokley, 1b; Ward, 2b; Breckmeyer, cf; Peterson, lf; Lewis, ss; Adams, lf and p; Scott, p; Ham, c.

NEBRASKA PRES. ADDRESSES UNION

(Continued from page 1)

made a plea for a stronger organization and more interest in the union here in Nodaway county. He suggested a general campaign for larger membership and greater advertising of the union and what its purposes were. Mr. Justas was given a hearty ovation as he sat down.

Perhaps it would be well to briefly describe the organizatioon in this county. The county union is divided into local chapters which are a most important unit of the union. The local organization has a business manger and organizer and a board of directors which look after the business interests of the "local" and who are its official voice in all matters.

There are eleven "locals" in this county. Their names are:—Hickory Grove, Graham, with twenty male and twenty female members; Liberty, Skidmore, with twenty-five male members; North Grove, Elmo, with nine male members; Union Valley, Skidmore, with seventeen male members; Prairie Flower, Hopkins, with twenty-four male members; Unity, Hopkins, with twenty-eight male members; Mt. Vernon, Hopkins, with fifteen male members; Albright, Quitman, with seventeen male members; Loraine, Burlington Junction, with forty-two male members; Forest Rose, Sheridan, with sixteen male members.

The paid up members in the county union number 233 with some honorary lady members. Several of the locals have established elevators, cream stations, and stores. A campaign for a bigger membership is soon to be made.

The new officers elected at Saturday's meeting were:—Alfred Walton, president; Frank Miller, vice president; O. D. Hardman, secretary and treasurer; A. L. Oakerson, chaplain; J. B. Shields, doorkeeper; Eugene Bird, conductor; Earl Stevenson, N. I. Staples, Bert Warren, members of the executive committee; Eugene Bird, business manager and organizer; and N. I. Staples, delegate to the state convention.

The delegates registered at the county convention Saturday were:—N. I. Staples, Clarence Miller, John Discus and Alva Jones, Burlington Junction; Bert Warren, Walter Coleman, Hopkins; Earl Stevenson, J. R. Shields, Geo. A. Burch, Graham; Geo. Bergher, G. A. Sewell, A. C. Shull, Skidmore; Lee O'Riley, E. Jones, Quitman; E. L. Linville, Ray Blackmey, A. P. Logan, Skidmore; and Eugene Bird, Sheridan.

BROKE IN THE JUNCTION STORE.

Benton Gray Confessed He Broke into the Zarn Clothing Store.

Benton Gray who was sentenced Saturday in Circuit Court to a term of five years in the state penitentiary, confessed to Sheriff Dowden that he and a Omaha boy broke into the Zarn Clothing store in Burlington Junction on the night of June 2. He could not tell the Sheriff the name of the Omaha boy. Nothing was taken from the Zarn store as the boys were scared away by one of the clerks who sleeps in the building.

Gray and Albert Ping, who were sentenced to the penitentiary Saturday, were taken to Jefferson City by Sheriff Dowden Saturday evening. Sheriff Dowden returned home this morning.

Mr. and Mrs. W. R. Tilson spent the week-end in St. Joseph with Mr. Tilson's brother, John Tilson and family.

TO DES MOINES COMPANY

Forrest Larmer of Stanberry Has Accepted Position With New Firm.

Forrest Larmer, son of Robert Larmer, formerly of Ravenwood but now of Stanberry, has accepted the position of assistant secretary and treasurer of the Federal Cattle Loan Society of Des Moines, Ia. Mr. Larmer formerly attended the State Teachers College in Maryville. The Stanberry Owl-Headlight in speaking of the new company had the following:

This is a newly incorporated company specializing in loans on stockers and feeder cattle. It will commence business with about one million dollars capital, which will be larger than that of any existing cattle loan company. Branches will be located in all the packing centers as the business expands. Affiliated with this company will be, Frank Shaw, auditor of the State of Iowa; Vincent Starzinger, junior member of Iowa's largest law firm; Chas. A. Mains, for 15 years chief state bank examiner; Julius D. Adelman, secretary of the Iowa Guarantee Mortgage Corporation; and Edward Hess, for 35 years head of the cattle department of Morris & Co., Chicago, who will be president.

ATTACK PLANNED ON REDS.

London, July 14.—A French and Rumanian army commanded by General D. Will Investigate "Soft Pork."

The problem of soft pork is one of the most important now confronting the hog growers of the United States. That a more definite knowledge of this question might be available Congress has appropriated $20,000 to be used by the United States Department of Agriculture for a study of this question. It is the intention of the department to make a study regarding the effect of feeding soy beans to hogs. Possibility of hardening hogs fed on these feeds will be looked into to determine the maximum amount that may be fed in conjuction with other feeds and still produce hard pork. The department hopes by close study, covering a large number of hogs and several years' time to determine some facts and solve some problems that are now facing the American farmer, because of the reduced price paid at the central markets for hogs supposed to be soft. Many of the agricultural experiment stations will co-operate closely with the department in these studies.

FOREMAN URGES FIGHT ON BOOZE

LIQUOR INTEREST ATTEMPTING TO STAGE A "COME BACK"

CALLS WETS BOLSHEVISTS

St. Louis Minister and Editor Flays Methods of Liquor Men; "Fight Not Over Yet," He Says.

Dr. W. S. Foreman of St. Louis, editor of the American Issue, the national prohibition publication, and one of the leading workers in the Anti-Saloon League, spoke in the interest of the fight against the liquor traffic, at the First Methodist church yesterday morning.

Dr. Foreman called particular attention to the necessity for a continuance of the fight on John Barleycorn, and stated that the present time is the most critical in the great fight. "The liquor interests are waging a great campaign to "come back" he said, "and now is no time for us to lie back and rest on our laurels. We have made a great step toward our goal, but we have not completely attained it yet, and we must not feel that we have won the fight until the enemy is completely crushed."

Dr. Foreman then spoke of the effort which is being made by the liquor men to defy the laws of the United States and return the country to a "wet" basis. "After the constitutional amendment was passed and the country went dry July 1," said the speaker, "the anti-prohibitionists got busy and employed some of the best lawyers in the country to test it out. These lawyers, headed by Elihu Root have advised their clients to go ahead and defy the laws by manufacturing liquor, and are doing all in their power to show the people that the laws of the United States are a scrap of paper and of no consequence."

In speaking of the methods employed by the "wets" in the fight against prohibition, Dr. Foreman characterized them as "bolshevists." He told how an attempt was made to arouse strikes and labor trouble in this country through the "no beer, no work" pledge, and how the liquor men hoped to gain through disorder and anarchy what they had lost through the legal and orderly channels of the laws of the land.

Dr. Foreman stated that one of the greatest hopes of the "wets" had been in the soldiers overseas, and how they had attempted to spread propaganda which would lead the American soldiers to believe that they had been imposed upon by the folks at home during their absence.

Throughout his talk, Dr. Foreman, laid special emphasis on the fact that the effort of every man, woman and child who stands for the principles of Christianity and the church is needed at this time to bring about a clean-cut and lasting victory for prohibition.

"WHERE, OH WHERE HAS MY LITTLE FORD GONE"--"SPUD"

A "New" Owner Takes Possession of Deputy Sheriff Atherton's Auto.

"What profiteth it a man to find the cars of other people if loseth his own" is the through that is running through the mind of Deputy Sheriff "Spud" Atherton.

Fate is cruel at times and often takes unexpected turns. To wit—"Spud" who has been instrumental in the finding of several stolen cars of late, rather specializing in that "department of criminology," drove his car up in front of the Elks club late Saturday night and went into the club rooms awhile. When he later came out and was preparing to drive away he found that he no longer had one, supposed that someone had played a joke upon him and walked on up town and waited for the "new" owner to come back. At last accounts Mr. Atherton was still waiting and it begins to look like another car had changed owners without the consent of the party of the first part.

DR. BURRIS JENKINS TO SPEAK AT BARNARD PICNIC

Will Talk on League of Nations—Judge John M. Dawson on Program—Efforts to Secure Other Local Men.

State Historical Society COLUMBIA

Dr. Burris A. Jenkins, editor of the Kansas City Post, has accepted the invitation of the speakers' committee to deliver an address at the Barnard picnic on the second day of the picnic, Friday, August 8. Dr. Jenkins' subject will be the League of Nations. Judge John M. Dawson of Maryville will also speak on that day.

A number of other prominent speakers will be secured for this picnic. Efforts are being made to secure the Rev. R. E. Snodgrass and Dr. G. S. Cox of Maryville, Prosecuting Attorney Charles F. McCaffrey, and L. C. Gabbert of St. Joseph.

Work will start soon on putting the picnic grounds in shape. It is located just west of Barnard.

EDWIN E. THOMAS FUNERAL HELD YESTERDAY AFTERNOON

Rev. R. E. Snodgrass in Charge; Selections by Male Quartette.

Funeral services for Edwin E. Thomas, who died about 10 o'clock Saturday night after a lingering illness, were held at 4:30 o'clock yesterday afternoon at the home of a brother, Roland E. Thomas, on East Halsey street. The services were conducted by Rev. R. E. Snodgrass of the Christion church, and two musical selections, "Wandering Down," and "My Faith Looks Up to You," were given by a quartette composed of Rev. Snodgrass, W. E. Goforth, Hal Catterson and Mr. Chapman.

Mr. Thomas was born in Knox county, Illinois, in 1853, and was 66 years, 7 months and 10 days old. He moved to Maryville in the fall of 1883, and after the death of his parents, he made his home with his brother and family in this city. He is survived by Mr. Thomas and a sister, Mrs. F. Jordon of Hydro, Okla.

MAY CONVERT COUNTY LICENSE

With Return of County License and Payment of $1.50, Legal Permission Is Granted to Hunt and Fish Anywhere in State.

Holders of county fishing and hunting licenses may now receive credit on the same toward state licenses, it was announced by County Clerk Fred Smith this morning. At the present time 327 county licenses have been issued at a cost of $1 each.

According to the new ruling, the county licenses may be turned in, and with the payment of an additional $1.50, to make up the $2.50 cost of the state license, legal permission is granted to hunt or fish at any place in Missouri.

THE SAINTS GO INTO LEAD IN THE WESTERN LEAGUE

Before a Record Breaking Crowd of 7,000 St. Joe Defeats Oklahoma City Yesterday.

Before a deliriously howling mob of 7,000 fans the St. Joseph Saints defeated the Oklahoma City Indians in a twin bill at St. Joseph yesterday and went into the lead in the Western League race. The largest crowd that ever attended a ball game in the city was there to boost the home team to the top of the league. St. Joseph has made a great fight the last three weeks, coming from the bottom to the top.

The first game was a hotly played game, ending with a score of 3to2. Oklahoma City scored in the first and eighth innings while the Saints scored in the third, seventh, and eighth innings. "Mut" Williams, the star ST. Joe pitcher, pitched the first game and through the first six innings of the second game.

The second game was a heartrending affair for the fans. At the end of the sixth inning the score stood 6 to 2 in favor of the Oklahoma Indians. In the eighth inning the Saints got into their batting clothes and scored four runs, tying the score. In the ninth they came back with a another tally, won the game, and mounted to the top rung of the ladder.

NEBRASKA PRES. ADDRESSES UNION

TALKS TO DELEGATES OF THE F. E. C. U. A. SATURDAY AFTERNOON

HIS THEME CO-OPERATION

New Officers Elected at the Convention—Plans Discussed for Coming Year—Much Interest Shown.

The delegates representing the Nodaway county unit of the Farmers Educational and Cooperative Union of America held their regular quarterly convention in the court room last Saturday afternoon. The purpose of the meeting was to elect officers for the ensuing year and to discuss plans to further the interests of the organization. The feature of the afternoon's meeting was an address by C. H. Justas, president of the Nebraska union, and one of the best known leaders of the organization in the United States.

The theme of the address of Mr. Justas was cooperation. He spoke about the beginning of the union in Nebraska with its few members and the great union of today in that state, numbering 40,000 farmers or over one-half of the farmers of the state. He told of the wonderful progress of the movement in his state, of the 150 grain elevators, the many stores and cream stations, and of the stock exchange at Omaha which handled more stock than any commission firm in the Omaha exchange.

Mr. Justas described the causes which lead to the beginning of the Farmers Educational and Cooperative Union of America. The prime reason for the organization was due to the injustice with which the large corporations of the country were troting the farmer. The large corporations such as the International Harvester Company, Swift & Company, and other like big businesses controled the markets and regulated the prices to such an extent that the farmer were treated unfairly. For that reason the farmers organized themselves together for mutual protection like the labor unions have organized themselves to stand for their rights against the encroachments of capitalists.

"In the past the farmers have paid what they (the capatalists) asked and they (the capatalists) have paid what they pleased" in the dealings between the two. It is to change the unfairness of this situation that the Farmers Educational and Cooperative Union of America has set itself to do. The union has met with marked success in Nebraska. More than a hundred grain elevators and many stores and exchanges bear testimony to that fact. The prices for implements and other necessities for work on the farm have been materially reduced in Nebraska. We can sell our stock through our exchange in Omaha and get bigger returns and pay less commission than we ever could before."

Mr. Justas cited the instance of an elevator near his home that paid a return to the stockholders last year of $45,000. "In no business enterprise in which the union members have entered in the state of Nebraska have they failed," he said.

"The farmers union does not mix in politics or secretarian religion for as soon as any organization mixes up in such affairs it starts on the way to its destruction," stated Mr. Justas.

"The union does not mean to hurt the business of the local merchant as long as such merchant treats the farmer on the square. However, if the merchant does not treat the farmer as he should be treated then the thing to do is to organize a store of our own. Such a store is organized on the patronage dividend plan, that is, the dividends which the stockholders, in other words the farmers, receive is based up on the volume of business that each one does with the store. That is the cardinal principal upon which all our businesses are run."

The Nebraska union has established an exchange in St. Joseph, similar to the one in Omaha. Any farmer, a member of the union in any adjoining state, is privileged to send his stock to St. Joseph where it will be handled and the same returns will be come back to the farmer as if he were a member of the Nebraska union. The farmers of this county, were particularly invited to send their stock to the Nebraska union exchange in St. Joseph.

In concluding his speech Mr. Justas

MRS. MARY JONES A VICTIM OF PNEUMONIA

Widow of Late Rev. J. L. Jones Died Yesterday Morning at Home of Son, Alfred Jones.

Mrs. Mary Jones, widow of the late Rev. J. L. Jones, died at 10:30 o'clock yesterday morning at the home of her son, Alfred Jones, about nine miles south of Maryville. She had been ill since last fall and the immediate case of death was pneumonia. Surviving her are five children, two daughters, Mrs. W. M. Westbrook of Marshall, Mo., and Mrs. George Greeson of Graham, and three sons, Alfred and Raymond Jones, both living near Maryville, and Oliver Jones, living in California. Three sisters, Mrs. J. W. Herren of Maryville, Mrs. Lewis Jones of Enid, Okla., and Mrs. George Lorence of Des Moines, Ia., and three brothers, Henry Toel of Conception Junction, George Toel of St. Joseph, and W. J. Toel of this city, also survive. Rev. Jones died several years ago at his home in this city.

Funeral services will be held at 2:30 o'clock tomorrow afternoon at the Baptist church, conducted by the pastor, Rev. W. C. Ferguson. Interment will be in Miriam cemetery by the side of her husband. The children living at a distance are all here for the funeral excepting one, Oliver Jones, who returned to his home in California a week or two ago after visiting his mother.

FRANCE HONORS ALLIED HEROES

20,000 TROOPS, LED BY WAR CHIEFS, PARADE THROUGH PARIS STREETS.

SILENT HONOR FOR DEAD

Hold Death Vigil Beneath Arch de Triumph—General Pershing Leads American Contingent.

Paris, July 14.—Twenty thousand Allied soldiers paraded before the eyes of more than a million spectators who saw the great victory parade here today.

Leading them on horseback was Marshall Foch, directing genius of the allied success on the field of battle. Beside him rode Marshall Joffre, hero of the first battle of the Marne, and riding at the head of the various contingents came Generals Pershing, Haig, Petain, Diaz, Castelau, and other great chiefs. The troops marched in alphabetical order, which brought the Americans, lead by Gen. Pershing, immediately behind Generals Foch and Joffre. For two hours they swung through a double living wall, four miles long, with cheers rising in one unending roar. Before the rejoicing began today, France paid a tribute to her more than million allied dead, in the most mournful ceremony in the history of the Republic. The death vigil took place beneath the Arc de Triumph, where a huge tomb of the war was built on a raised platform sprinkled with the soil of many battlefields.

An all night picket of honor stood watching with armes reversed, while the multitude of people, thousands weeping, filed beneath the arch before the sepulchral monument, in silence to the fallen heroes.

A BUSY DAY ON DIVORCE MARKET

FRED A. REEDER, HOPKINS, AND HARVEY DAVIDSON, THIS CITY, ASK LEGAL SEPARATION

A CHARGE OF ADULTERY

Claims Wife Committed Wrongs in Kansas City; Separation Cause of Davidson Suit; Cases up at September Term.

Today was a busy one on the divorce market, two petitions for a severance of the bonds of matrimony being received by Circuit Clerk Westfall. Fred A. Reeder of Hopkins, was the plaintiff in the first case against his wife, Lauretta B. Reeder, and the second suit was filed by Harvey E. Davidson of this city with Cleo D. Davidson as defendant.

Reeder states in his suit that he was married to the defendant on Aug. 29, 1912 at Hopkins, and that three children have been born to the union, Naomi, 6 years old, Fred A. 5, and Thomas J., 4. He charges that his wife committed adultery on several occasions at various rooming houses and hotels in Kansas City. In his suit he asks full custody of the children.

In the Davidson case, the plaintiff states that the marriage took place on Sept. 15, 1917. It is alleged that the defendant left her husband in May 1918, and since that time has refused to live with him.

Both cases will come up for trial at the September term of the Circuit Court.

WORK OF I. W. W. SHOWING THRU KANSAS COUNTIES

Increased Number of Fires During Past Two Days; Apprehension Among Farmers.

Topeka, July 14.—Edwards and Ford counties are feeling the cloven hoof of incendarism, and the reports of the fires within the past two days have caused much apprehension among the farmers of the district, according the farmers of the district, according to word received by the state fire marshall. Several oats ricks, fired near Spearville in Edwards county, indicate the work of the I. W. W. Four of the other fires occurred near Kinsley and near Houston in Ford county. No details of the damages have been received.

A STOLEN CAR IDENTIFIED

Omaha Man Claimed Seven-Passenger Buick as His Car.

A seven-passenger Buick car which was held at Sewell's garage for a few days last week was identified Saturday by George B. Campbell of Omaha as his car. This car was stolen at Omaha on the night of June 30. Campbell was accompanied to Maryville by A. C. Anderson of the police department of Omaha.

The authorities here were attracted to the car and after an investigation found that all of the numbers had been chiseled out. Harry Coad, a school man of Bushing Head, Okla., was driving the car, having bought it at Omaha, giving in the deal a Chalmers car. Coad was entirely innocent of it being a stolen car and permitted the authorities here to hold the car for several days while they were trying to get trace whether it was a stolen car.

A insurance adjustor from Omaha came for the car Saturday night and returned to Omaha with the car Sunday. Coad left Saturday evening on the train for his home in Oklahoma.

BRITISH BLIMP IS SAFELY HOME

GIANT AIRSHIP COMPLETES ROUND TRIP AT 6:56 YESTERDAY MORNING

BEING OVERHAULED NOW

Dirigible Will Leave Within Two Days for Base at East Fortune, Scotland. Hope for International Air Mail Service.

Pulham, England, July 14.—A force of two hundred workmen were today at overhauling the British dirigible R-34, in preparation for her flight to her base at East Fortune, Scotland. It is expected to take the air in two days.

Pulham, Norfolk, England, July 14.—Great Britain's mamoth trans-Atlantic air pioneer, the dirigible R-34, arrived at the air station here at 6:56 o'clock Greenwich mean time yesterday, completing her round trip from the British Isles to the United States and return.

The R-34 pointed her nose out of the clouds northeast of the village, and after circling the flying field three times glided gently to the ground, and ten minutes later was housed in the dirigible shed. The voyage from Long Island was without particular incident, and was completed in approximately 75 hours.

The log says that after an extremely good "get-away" New York looked wonderful at midnight and was a veritable fairyland of twinkling lights. The searchlights at first made a very unsuccessful search "but finally got us fair and square."

At a distance of two thousand feet above New York the air was disturbed partly because of the heat arising from the city and partly because of an approaching cyclone from the Great Lakes. The airship was very steady under the circumstances.

By 9:15 o'clock Thursday morning the dirigible had covered 420 miles from New York. The mail was then sorted. It included letters for King George, the British foreign office, other governmental departments and a number of newspapers, the log adding:

"We hope this journey will prove the fastest newspaper delivery between New York and London yet accomplished and will be the forerunner of a regular interchange of mail between the East and the West."

John K. Walker of Los Angeles, Cal., who has been the guest of Judge J. H. Sayler, and family, left this morning for his home.

JOURNALISM SCHOOL TWELVE YEARS OLD.

An Institution at University of Missouri Is Oldest in the World.

Columbia, July 14.—The School of Journalism of the University of Missouri will begin its twelfth year with the opening of the fall term September 1. It is the oldest school of its kind in the world and its fame has spread to foreign lands.

Students from this school are employed on newspapers not only in the United States, but in Canada, China, Japan, Cuba, the Philippines, and other countries. Since its modest beginning almost twelve years ago, this school has grown rapidly and attained widespread fame on account of the excellence of the training it offers in journalism. Every years calls come for its graduates to fill positions in advertising and editorial work and as teachers in other schools of journalism.

Training in the School of Journalism is given in both editorial and business conduct of newspapers. Lectures and classroom work are supplemented by actual practice on The Evening Missourian, which serves as a laboratory of the school. Students in some classes write news and feature stories dealing with the University community and with the city of Columbia; students in other classes edit these stories and write the headlines, handling also the same telegraph copy as is furnished newspapers in other cities the size of Columbia; students in other classes write the editorials and discuss questions of editorial policy.

Similarly, students in advertising classes study Columbia business firms, write advertisements to fit the needs of these firms, and sell the advertising space. All this work is done under the active direction of professional faculty composed of experienced newspaper and advertising workers. A bulletin giving in detail the courses offered in this school has just been issued by the University.

THIS MOTHER AND DAUGHTER

Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steele, Ala.—"During the Change of Life I had hot flashes, was nervous, run down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and I am much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give your medicine the praise. You are welcome to use this letter for the benefit of other suffering women."—Mrs. F. A. GAINES, R.R. No. 1, Steele, Ala.

Women who suffer as Mrs. Gaines did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved much suffering among women.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years' experience is at your service.

JEFFERSON CITY LETTER.

Damage Suit Attorneys Are Endeavoring to Delay Enforcement of Compensation Law.

(By Means Ray.)

The props have been knocked from under the movement to delay enforcement of the Workmen's Compensation since it became known that personal injury or damage suit attorneys of the state have been furnishing some of the funds to pay for securing signatures to the referendum petitions which are being circulated. For a time labor leaders in the Building trades were all back of the movement to refer the law under the referendum provision of the constitution but when the interest of the damage suit attorneys became apparent many of the leaders withdrew from the movement.

Rube Woods, president of the State Federation of Labor, is strong in his opposition to delaying the operation of the law.

The State Highway Department has been informed by the Federal government that a fourth allotment of trucks has been made to Missouri. The trucks will be for use on roads where state and federal aid is extneded. At the close of the war the government had many trucks which are being distributed for use in road construction. Missouri's allotment now totals 715 light and heavy trucks.

Attorney General Frank W. McAllister and Insurance Superintendent A. L. Harty are resisting every effort of the fire insurance companies operating in the state to increase their rates in the state by the addition of a ten per cent surcharge. The companies were successful in securing the increased charge in many states but Missouri officials refused to permit it and the case was taken to the courts where Attorney General McAllister and his Assistant John T. Gose successfully opposed it. Insurance companies, it is said, will take the case to the supreme court of the United States. Messrs. Harty and McAllister say they will follow with the fight for purchasers of fire insurance in the state.

Because of the war and epidemic of influenza the life insurance companies of the country have announced an increase of 10% in rates. Some companies make a flat raise of $2 on all men and $3 on women. The increase will not affect old policies. The state has no control over life insurance rates.

Auditor George Hackmann has refused to pay the salary of Representative Charles U. Becker, of Polk county, Republican, as a clerk in the Highway Department. The Auditor refuses to do so on the ground that Becker as a member of the legislature can't hold a state office. There was quite a little laughing here over this matter when the matter was referred. Heretofore Hackmann has sought legal advice from a Republican attorney in St. Louis and has ignored the Attorney General who is legal advisor for all state officers and departments.

Republican members of the Statute Revision committee are hearing from the people of the state over the stand some of them have taken against the League of Nations. Members of their party seem to favor the plan of world peace as much as do the Democrats and if sentiment does not change a shift of Republican leaders in the state is expected. The feeling among the people generally is that the League will go a long way toward righting the wrongs which have heretofore existed throughout the world.

Superintendent Harty of the insurance department will publish a monthly bulletin in a fight against fire loss in the state. The publication will be edited by B. Ray Franklin, a well-known Missouri newspaper man.

DR. F. M. MARTIN RETURNS HOME

Dr. F. M. Martin has returned from a six weeks trip through the South and West. Dr. Martin left here early in June, going first to Oklahoma City and Sayre, Oklahoma. At Sayre, he visited his brother, J. C. Martin, a few days. From there he went to Norman, Okla., and visited several days at the home of Prof. J. B. Hale, formerly connected with the State Teachers College here.

While in Oklahoma City Dr. Martin was shown through the Sisters Hospital there. The Sisters Hispital of Oklahoma City was founded by Sister Augustine of Maryville and the hospital has twenty nurses which were trained in the St. Francis hospital here.

From Oklahoma City Dr. Martin went to the coast, visiting in Los Angeles, San Diego, California. At Los Angeles he visited his daughter, Mrs. Phil R. Smiley and at San Diego he was the guest of S. R. Beach, former Maryville postmaster, and Mr. and Mrs. L. N. Craig.

In Los Angeles Dr. Martin met W. W. Jones of this city and they traveled together for awhile. They went to Portland, Seattle and Spokane. At Spokane Dr. aMrtin visited at the home of Mrs. Martin's brother, Atty. L. L. Westfall.

The party returned thorugh Montana, Wyoming and Colorado, stopping en ruote at Cody, Wyoming to see Mr. R. C. Hargrave. Dr. Martin states that the crops in Montana and Wyoming are a failure this year as well as last but that in Colorado, Nebraska and Kansas they are good.

ONLY MEMORY OF TROUBLES LEFT

Mrs. Williams Health Restored By Tanlac—Had Suffered 12 Years.

"About all that is left of my many years suffering is the memory of it," said Mrs. Joe Williams, who resides at 907 First ave., Peoria, in relating her experience with Tanlac, recently.

"If I could only have had Tanlac twelve years ago," continued Mrs. Williams, "I would have been saved a world of suffering and many a dollar besides. All of that time was just one unbroken period of misery for me and I had almost despaired of ever getting well. Sometimes I was almost frantic with pains in my back. I could hardly stand for my clothes to touch me and I couldn't stoop over and straighten up without just suffering agony. I simply haven't words to tell how badly I did suffer, not only with my back, but also from stomach trouble. I would have frequent attacks of acute indigestion, which would leave me in such a weak, exhausted condition that I couldn't get out of bed for days. I could not eat anything but what a sour gas would form on my stomach and cause the sharpest kinds of pains all through my chest. I often had dizzy spells when everything seemed to be spining around like a merry-go-round and I would turn so sick that I would have to lie down. It seemed to me that I hardly ate enough to keep soul and body together, and my nerves were so upset that I could hardly lift a cup of coffee to my mouth without spilling it. At night I was so restless that the town clock struck but few hours without me hearing it and I would get up in the mornings felling as badly as if I had not slept at all.

"Like anyone will, who is suffering, I tried many medicines but kept getting worse until I reached the point where life was a burden to me. But thanks to Tanlac, all my despondent, down-hearted feelings have disappeared and I am just like a new person, because I have been completely relieved of the troubles that made life miserable for me so long. I began using Tanlac through a friend, who told me it was the most wonderful medicine in the world. Well, I thought she was exaggerating, but I have found out by trying the medicine that everything, and more, she told me about it is true. It just seemed to be exactly what I needed and I had not taken it but a short time until I felt a very decided change in my condition. I soon got to where I could sleep like a child at night, get up in the mornings and prepare my husband's breakfast and eat heartily of it myself. My appetite is just fine now and I can eat anything I want without the least trouble afterwards. Neither my stomach nor my back trouble me now and I am feeling better in every way than I have in twelve years.'

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

HARVEST HANDS SPEND NIGHTS IN REST ROOMS

Ashland, Kan., July 14.—Not to be outdone by the city business men in making work comfortable for empolyes, Ashland has established a reading and rest room where the harvest hands are able to spend their evenings. The room has magazines and newspapers writing material and plenty of chairs and places to rest.

The room was established by the county agent, and the city is financing the project. A committee supervises the work, while they have a man on duty all the time to furnish information regarding jobs.

Nitric Acid Champagne.

Paris—Seven Paris tradesmen have been convicted of selling as champagne a mixture of ordinary white wine, nitric acid and sugar. They were sentenced to penalties ranging from a $600 fine and two years' imprisonment to a $20 fine and three months' imprisonment.

HOT SUN'S RAYS SET HIS JUMPERS ON FIRE

Kansas City, July 14.—Frank Robinson, a farmer of Oak Grove, Jackson County, while driving his binder in a wheat field, smelled smoke. He got down and examined the machine, but could find nothing wrong, and was about to drive on when he felt a painful sensation in his right arm. His clothing was afire.

Investigation showed that the oil which had soaked into his clothing had been set afire by the hot rays of the sun. No serious damage was done except to spoil a pair of jumpers.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Men who work need its cleansing and stimulating effects. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Father Drinks—Gasoline.

'Tis ironing day at the home of a perfectly respectable Maryville banker. The basket is piled high with clothes and daughter offers to assist. Mother ressurrects a discarded gasoline-heated iron from the basment, fills it, and absentmindedly sets the glass containing a portion not used on a table. Father, the perfectly respectable banker, enters thirsty as thirsty can be. He picks up the glass, fills it with water and drinks to his heart's content. The discovery is soon made that Father has gulped down the unused gasoline and all milk and other emetics in the house are brought to the rescue. After so long a time Father cools off and departs for the bank, with pleadings from Mother and Daughter not to light a cigar for fear of serious results. Father listens to reason and still survives.

Department Exhibit at Swine Show.

The National Swine Show for 1919 will be held at Des Moines, Iowa, September 29 to October 4. This annual event is without doubt the most important one connected with the swine industry. At the 1918 show held at Cedar Rapids, Iowa, the United States Department of Agriculture made an exhibit of smoked meats. It is the intention of the department this year to make a much larger exhibit than it did in 1918. In addition to the showing of smoked meats, the methods of curing meats in different ways will be explained. The home curing of pork is one being studied by many farmers who have heretofore been in the habit of purchasing their meats from the local dealers.

Lighting the Trenches

During the recent war the world came into a full and complete understanding of the value of efficient and comprehensive organization on the part of big business.

One phase of the aid that the Standard Oil Company (Indiana) was able to render is interesting.

The U. S. Government called on the Company for candles, and in an incredibly short space of time the initial shipment was made.

In all, 285,000,000 candles were shipped from Whiting, Indiana, to France—about 85 candles for every man in the United States uniform.

The Standard Oil Company makes candles from the by-products of crude oil.

Besides serving a most useful and necessary purpose in themselves, the manufacture of candles enables the Company to keep down the manufacturing cost of gasoline, so that you may run your car without great expense for fuel.

This is only a single and minor phase of the part played by the Company in helping to win the war, but it serves to illustrate the usefulness of the Company as a public servant, and the benefits accruing to the world at large from Standard Oil Company (Indiana) operations.

COMETS LOSE 11 TO 10 GAME TO ST. JOE WESTABS

A Wild, Wierd Game; Cap Black Stars for Locals; Game Next Sunday with Agency, Mo., Nine.

Cap Black's Maryville Comets met their second defeat of the season yesterday afternoon at the Fair grounds park, when they lost a 11 to 10 game to the team of the Western Tablet company of St. Joseph.

The game was one of the wierdest that has ever been staged on the local diamond, and the large number of fans who braved the torried heat to see the show were kept on their toes by the series of freak plays, "blow-ups" by both teams, and general erratic playing.

The game opened with Bluell on the mound for the locals and the initial session passed without a run, by either side. In the first of the second, however, Maryville's balloon started to go up and a series of hits and bobbles by the local boys netted the visitors two runs. It was one, two, three, for the Comets in their half and when the third opened the balloon was higher than ever. The Tablet Makers fell to with a will, and when the smoke had cleared a big figure "6" decorated the St. Joe side of the score board. Bluell was relieved of his duties on the hill at this time and Conley took up the fight.

With the score standing 8 to 0 in the fourth, the Comets pulled themselves together and went out for gore. C. Black singled, and after stealing his way to second, scored on a pretty single by his brother H. Black. D. Collins then cracked out a single which scored H. Black, and scored himself when Tobin hit one over the left fielders head for one base. With two down, Vonarb, St. Joe third baseman, hid the ball in his shirt and caught Tobin off the bag.

In their half of the sixth the Comets garnered one more run bringing the count up to 8 to 4. In the opening of the seventh the Westabs found Conley for a bunch of hits which turned the kettle over again. Cap Black took the mound and Tobin went in behind the bat. The "blow-up" meant two more runs for St. Joseph, and the Maryville crew was getting desperate. With every man vowing that he would go in and "bust the ball," Maryville got three men on and two down. Cap Black stepped to the plate and met the first one with a clout that cleared the center fielders head by several feet. The hit was good for three bases and scored three runs. The Comets seemed to hit their stride in the last two innings and managed to garner three runs.

In the ninth Cap Black made a desperate effort to win his own game and connected with the pill for a home run, but the bases were unoccupied and the contest brought the total up to one below the St. Joe figure.

Throughout the game, argument and repartee between the players, spectators and "umps" kept the pot boiling.

Next Sunday the Comets will play the Agency, Mo., nine at the same place and Black expects to arrange a game for the following Sunday with the St. Joseph Stockyards nine.

The line-up:

Maryville—P. Buhler, cf; H. Buhler 1b; C. Black, 3b; Phillips, ss; H. Black, c and p; R. Collins, rf; D. Collins, 2b; Tobin, lf; Bluell, p; Conley, p.

Westabs—Vonarb, 3b; Schokley, 1b; Ward, 2b; Breckmeyer, cf; Peterson, lf; Lewis, ss; Adams, lf and p; Scott, p; Ham, c.

NEBRASKA PRES. ADDRESSES UNION

(Continued from page 1)

made a plea for a stronger organization and more interest in the union here in Nodaway county. He suggested a general campaign for larger membership and greater advertising of the union and what its purposes were. Mr. Justas was given a hearty ovation as he sat down.

Perhaps it would be well to briefly describe the organizatioon in this county. The county union is divided into local chapters which are a most important unit of the union. The local organization has a business manger and organizer and a board of directors which look after the business interests of the "local" and who are its official voice in all matters.

There are eleven "locals" in this county. Their names are:—Hickory Grove, Graham, with twenty male and twenty female members; Liberty, Skidmore, with twenty-five male members; North Grove, Elmo, with nine male members; Union Valley, Skidmore, with seventeen male members; Prairie Flower, Hopkins, with twenty-four male members; Unity, Hopkins, with twenty-eight male members; Mt. Vernon, Hopkins, with fifteen male members; Albright, Quitman, with seventeen male members; Loraine, Burlington Junction, with forty-two male members; Forest Rose, Sheridan, with sixteen male members.

The paid up members in the county union number 233 with some honorary lady members. Several of the locals have established elevators, cream stations and stores. A campaign for a bigger membership is soon to be made.

The new officers elected at Saturday's meeting were:—Alfred Walton, president; Frank Miller, vice president; O. D. Hardman, secretary and treasurer; A. L. Oakerson, chaplain; J. B. Shields, doorkeeper; Eugene Bird, conductor; Earl Stevenson, N. I. Staples, Bert Warren, members of the executive committee; Eugene Bird, business manager and organizer; and N. I. Staples, delegate to the state convention.

The delegates registered at the county convention Saturday were:—N. I. Staples, Clarence Miller, John Discus and Alva Jones, Burlington Junction; Bert Warren, Walter Coleman, Hopkins; Earl Stevenson, J. R. Shields, Geo. A. Burch, Graham; Geo. Bergher, G. A. Sewell, A. C. Shull, Skidmore; Lee O'Riley, E. Jones, Quitman; E. L. Linville, Ray Blackmey, A. P. Logan, Skidmore; and Eugene Bird, Sheridan.

BROKE IN THE JUNCTION STORE.

Benton Gray Confessed He Broke into the Zarn Clothing Store.

Benton Gray who was sentenced Saturday in Circuit Court to a term of five years in the state penitentiary, confessed to Sheriff Dowden that he and a Omaha boy broke into the Zarn Clothing store in Burlington Junction on the night of June 2. He could not tell the Sheriff the name of the Omaha boy. Nothing was taken from the Zarn store as the boys were scared away by one of the clerks who sleeps in the building.

Gray and Albert Ping, who were sentenced to the penitentiary Saturday, were taken to Jefferson City by Sheriff Dowden Saturday evening. Sheriff Dowden returned home this morning.

Mr. and Mrs. W. R. Tilson spent the week-end in St. Joseph with Mr. Tilson's brother, John Tilson and family.

Will Investigate "Soft Pork."

The problem of soft pork is one of the most important now confronting the hog growers of the United States. That a more definite knowledge of this question might be available Congress has appropriated $20,000 to be used by the United States Department of Agriculture for a study of this question. It is the intention of the department to make a study regarding the effect of feeding soy beans to hogs. Possibility of hardening hogs fed on these feeds will be looked into to determine the maximum amount that may be fed in conjunction with other feeds and still produce hard pork. The department hopes by close study, covering a large number of hogs and several years' time to determine some facts and solve some problems that are now facing the American farmer, because of the reduced price paid at the central markets for hogs supposed to be soft. Many of the agricultural experiment stations will co-operate closely with the department in these studies.
